Out and about with the baby

MODEL 02 • COOL WOOL BABY Cause I'm a girl I occasionally wear such a classy pinafore dress in the in-color taupe. Also nice: the rose-colored sweater with those adorable puffed sleeves. **MODEL 03 • COOL WOOL BABY** More casual, but just as cute: the combination of tunic with stripes and comfortable pants. In those I love going on a drive! The material for both baby-outfits: a soft, extra fine merino quality, where babies just feel happy. The best thing for soft baby skin.

MODEL 04 • PADDY + COOL WOOL BABY Doesn't it look great! Afghan and suit fit perfectly together. With comfortable button-facing, polo n and a cuff in contrasting color, the sweater and pants look especially casual. **MODEL 05 • LATTE PRINT + PADDY** This soft comfort blanket isn't cuddly, but also made from a "skin-friendly" eco-yarn. It keeps me nice and warm during my nap! Especially outside. The afghan is crochet in a sq and can be adapted in size to ones wishes. **MODEL 06 • AMBIENTE** This hoody in nature-colors made from ecological cotton completes the go out-outfit. With this baby feel all-around happy. And a proud mom is delighted by the compliments that she receives for this chic baby-set. Guarant

MODEL 11 - COOL WOOL BABY One can never have enough clothing for going on a drive! I like the mint-colored jacket with the little braids. It's easy to put on due to the many buttons. Combined with the white pants, this combo looks very "spring-timey". **MODEL 12** - COOL WOOL BABY How do you like the lilac-colored jacket? I think, it suits me really well! Lovely contrast: The white crochet-border.

MODEL 13 - PASHMINA Why stay at home just because it's slightly colder outside? Babies love walks on the fresh air. Warmly dressed the cool temperatures can't harm them. The quartet of cap, scarf, mittens and jacket makes it possible to brave the cold and the noble yarn makes this combination a favorite for mom and kid. Also a nice present. **MODEL 14 - COOL WOOL BABY** With this combination one's set for the beginning. Slipover and pants in a soft pistachio wears baby as is, when it's already nice and warm outside. Jacket and socks for those days when there's a stiff breeze. The jacket with polo neck is ideal for combining with other clothing. **MODEL 15 - COOL WOOL BABY** Every day something special. How about this ensemble for baby with a lilac sweater in Clean Chic? Wear it with these casual pants with a decorative cord in lilac. And it can be combined with matching socks. And, of course a jacket with crochet-blossoms. How cute!

With this classic cable slipcover your little knicker gets his own matching outfit. Very chic with white (knitted) pants or a mini-jeans. **MODEL 18 • ELASTICO** For little new arrivals! With this white sweater you're on the safe side even if the baby isn't born yet. **MODEL 19 • COOL WOOL BABY** Why babies can wear light blue so well! Simple, it just looks fresh. The combination of jacket, slipover with braids, short pants and socks is a must-have because babies can move freely with them. And it can constantly be combined in a new way.

Where's
the
stork?

MODEL 20 • ALTA MODA ALPACA I haven't seen a stork! Much funnier: How do you like my new favorite sweater. Looks like one of mom's tunics. Just long sleeves and a funny cord for a bow. I like that. **MODEL 21 • EVENTO + ALTA MODA ALPACA** Knitwear makes "being pregnant" round-about comfortable. With this tunic mom can easily manage the 9 months, because the straight-forward "folding pattern" adapts itself to the growing belly. Nice accessory: the crochet chain.

MODEL 22 - SOLOCASHMERE 110 Do you know why my dad is so happy? He's wearing his new favorite sweater, which is so soft and cuddly. He would prefer if he could wear it all the time. It was knitted with lots of love by mom. Until my little sibling is born, she has a lot of time for knitting and that makes all of us happy. **MODEL 23 - ONDA + ALTA MODA ALPACA** Look, I also got this snuggly jacket. The pattern looks really clever, with pulled up ribbons. I wonder what grandma and grandpa will say to our new knitted outfits.

MODEL 24 - PASHMINA Great, we're going out. Mom has dressed me in my new going-out-outfit. Everything fits perfectly together. The jacket with braids and buttons, with additional comfortable pants and all in a great dove blue and cream soft yarn. With shoes and cap my outfit is complete. **MODEL 25 - PASHMINA** For snuggling or crawling, such a classy afghan with cables and a ribbed edge is one of the must-haves in every baby's basic equipment. **MODEL 26 - SOLOCASHMERE 110** Extremely soft and super light, that's what I imagine my favorite pieces. In this coverall one can happily kick and crawl. The sleeves are also easily changed as this clever pant has buttons. With the hooded cardigan I'm even with a stiff breeze nice and warm. And there are also shoes to make sure that also my feet stay warm. Totally cute.

Finally Summer!

MODEL 29 • MONDO Caught! True we've had some gummi bears. But now we'll go into the garden to play. The sun is shining so nicely and v comfortable romper suits we can really let off some steam. The top is also cute when it's combined with a long-sleeved shirt or a blouse. **MOD** **MONDO** Am I really Anna, or aren't I called Selina? These funny coveralls with straps that can be opened have names embroidered into them th help keeping them apart. But little ragamuffins sometimes have fun in swapping their favorite clothing. Now guess: who's who?

Lottie
and Lisa

MODEL 31 • ELASTICO Don't be shy little miss! In your lemon-yellow summer-dress you shine as bright as the sun. Nice: the lace pattern along the fringe. Convenient: the neckline of the dress can be adjusted with the buttons. **MODEL 32 • ELASTICO** Ready, steadygo! Athletic little boys love these shirts, because they are easy to get in and out of due to the comfortable button stripe. Here offset by buttons in a different color and an embroidered emblem. **MODEL 33 • ELASTICO** This is also yours? But for sure you know how happy you're with your polo sweater. Nice alternative: work the stripes in raspberry red and marine blue. **MODEL 34 • ELASTICO** To make your little cousin get's baptized. For the party I'll wear my favorite dress: the one in berry red! That looks just great with its buttons and all those braids in the hair and the frills at the seam. And to ensure that such beautiful knitted items stay in shape for a long time, they are knitted in a stable yarn with spandex.

MODEL 35 • ELASTICO Don't I look amazing? My purple sweater is decorated with numerous tiny braids that part like a V. This color was worn by the kings once, has mom told me, so I hope my sister knows that as well. **MODEL 36 • ELASTICO** I think this color is really chic. It's my absolute favorite dress, because it alternates between rose stripes. Conclusion: great impact and easy to knit. The alternately in stripes and braided dress is the absolute right thing for all girls or delicate princesses.

Who's
the
boss?

MODEL 37 • MONDO I know a lot! And I'm really one of the big ones. I'm too old for the toddler group! That's why this cool slipover fits me so well. I'm dressed in the "Old-School-Look" with diamonds. That astonishes you, doesn't it? What I all know! **MODEL 38 • ELASTICO** Great! Maybe I'm just as you, because my mom has also knitted me a pullover with a thick braid in the middle. **MODEL 39 • MONDO** I am extremely impressed. By you. Today I'm wearing a vest in 70s-style, with bobbles at the cuff and neck. This one is so easy that even beginners can knit it.

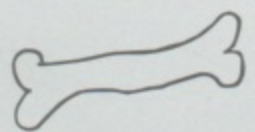

Am I still chic?

MODEL 40 • COOL WOOL 2000 After the long summer holiday it is time to go back to the kinder garden. And today they'll take pictures. I'm my jacket, to ensure that I'll look especially chic. With a crochet edge in lilac and little embroideries. Just how little girls love it. **MODEL 41 • EL**
In my mint-colored sweater with it's colored accent edges, I don't only look great, it also feels amazing. A total feel well-sweater. **MODEL 42 •**
With this, little boys are dressed perfectly all around , because the stripped polo-sweater is chic and extremely comfortable – especially when
dressed. It can easily be pulled over the head. Nice visual: the color co-off-set underlap.

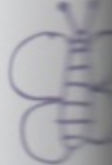

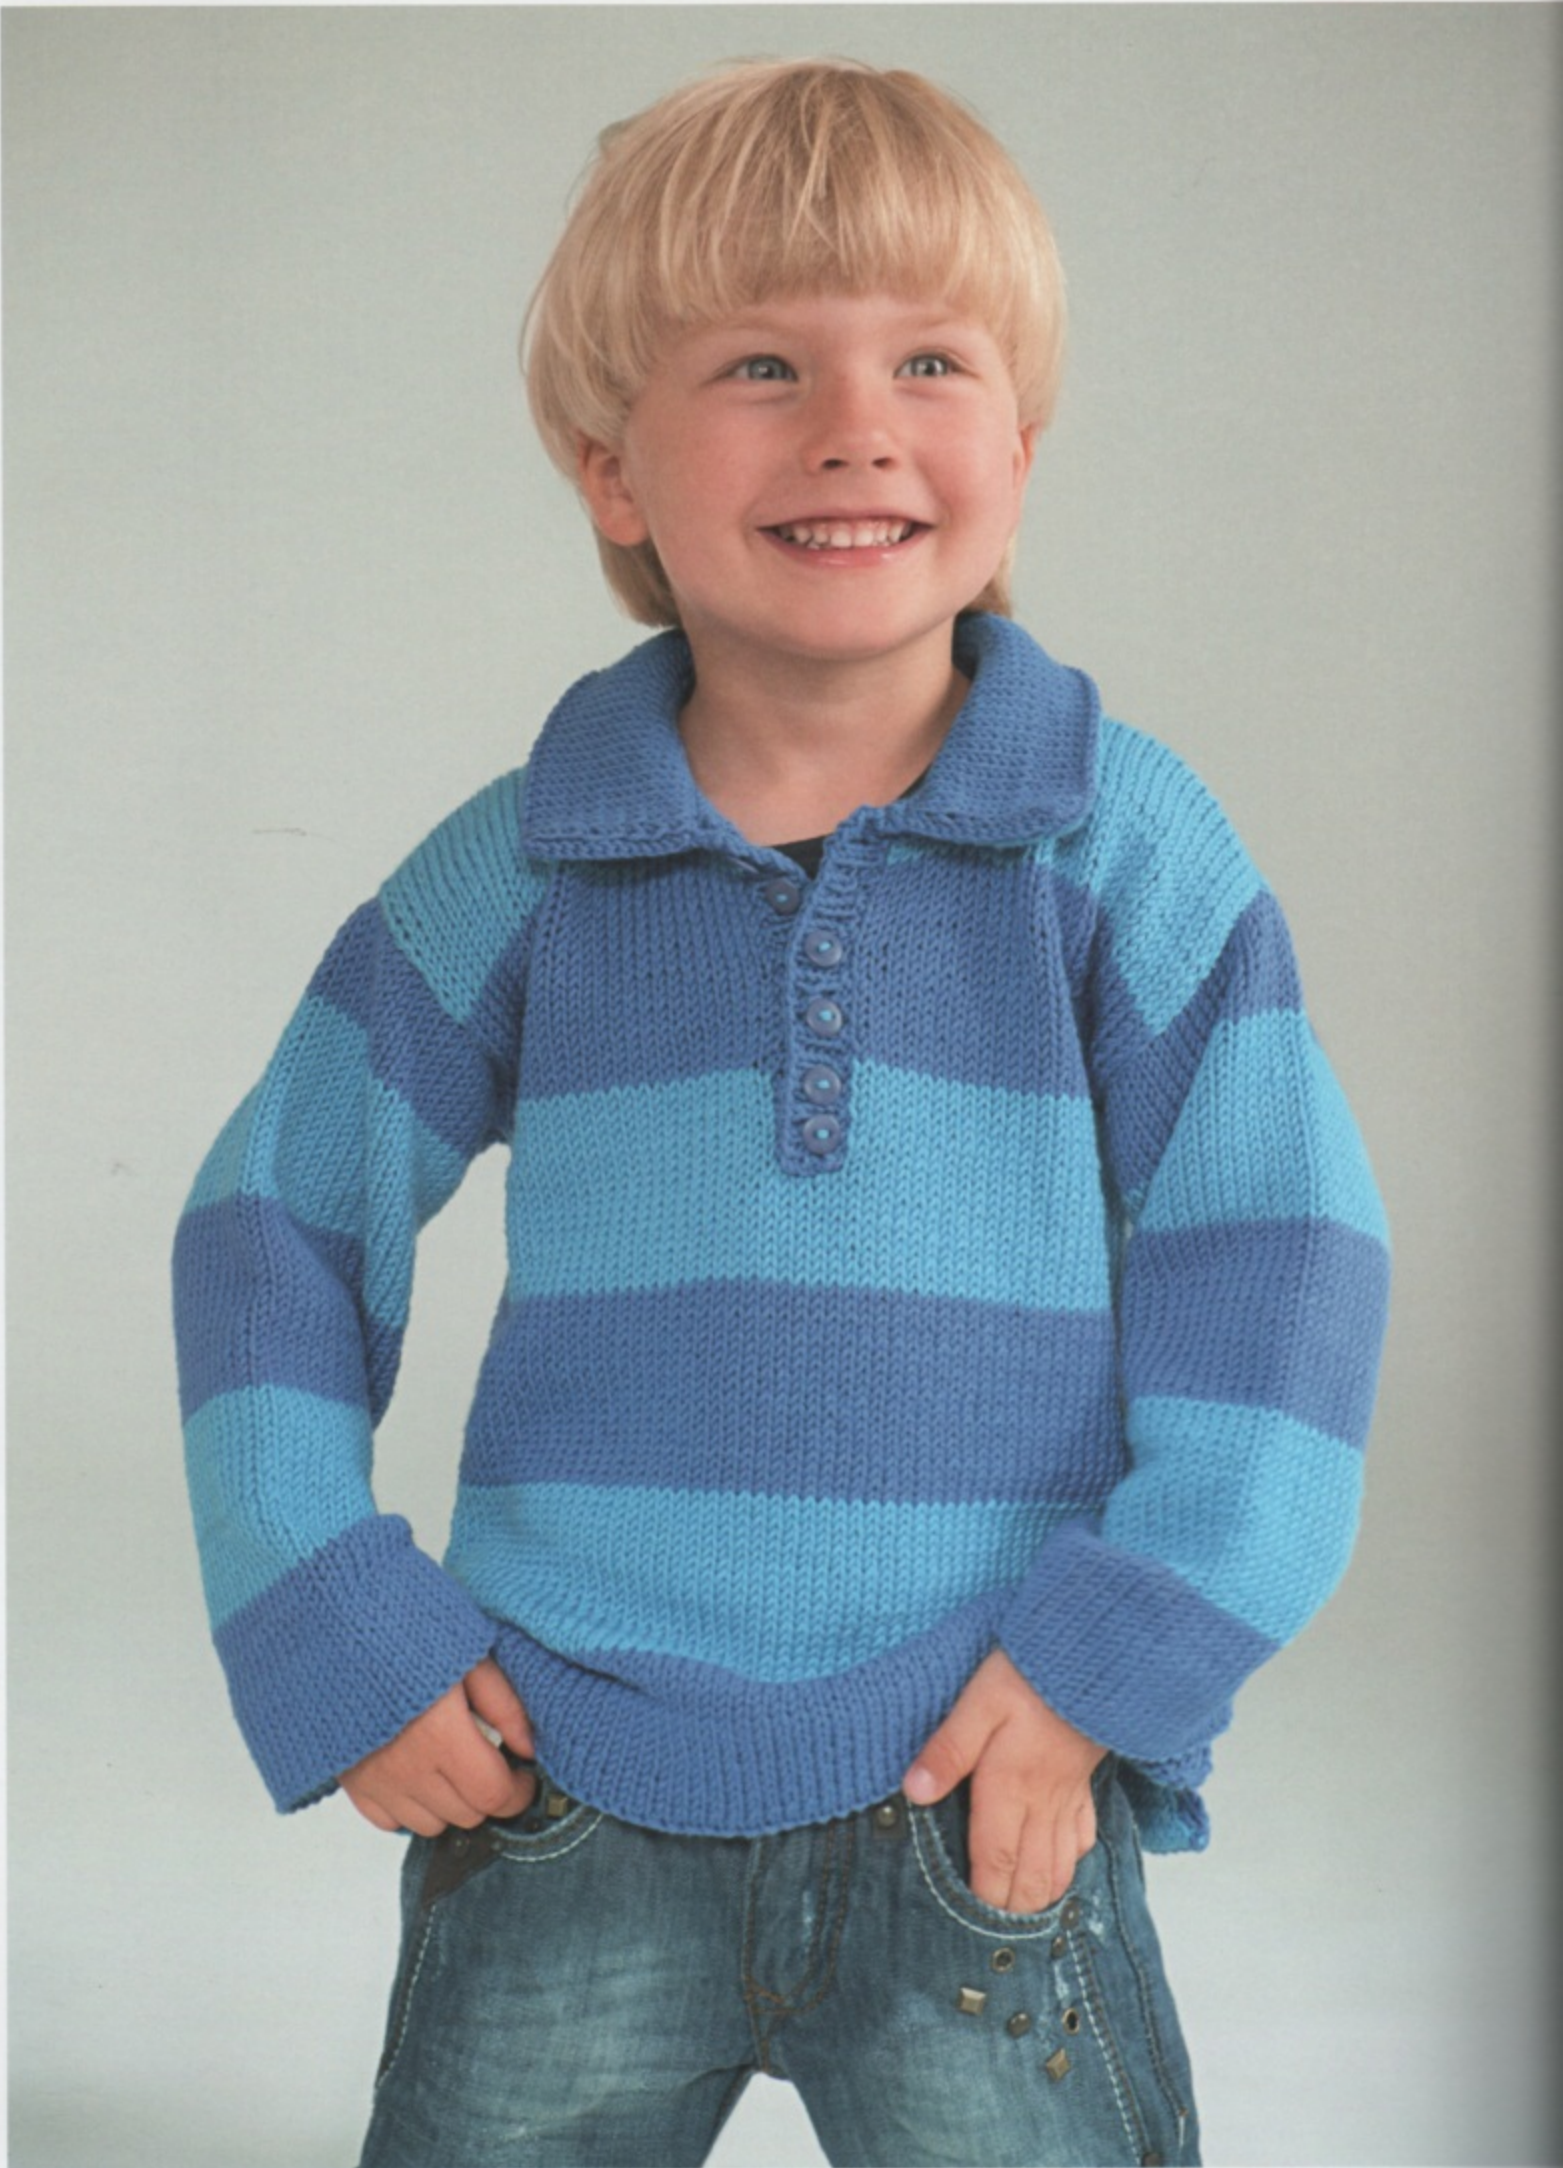

MODEL 45 • COOL WOOL BIG Come on! I've discovered something great. With a slipover you don't start sweating, but you're still dressed warmly. This uncomplicated favorite is very easy and simple to make. Nice the rolled edge in a contrast color. **MODEL 46 • ALTA MODA ALPACA** I'll be going there. Not in the mood to sit down in a circle of chairs. Of course, because then she would have to take off her new jacket and take off the chic hat. The jacket in Cabanese-style has a double row of buttons, the in ribbing knitted cap has a perky crochet flower. All in all: a must have for trendy little girls. **MODEL 47 • MONDO** In such a great mood! Everyone can be in a good mood about this trendy long-sweater with decorative covers. It's great to combine with a long-sleeved shirt or a blouse. And during the day it works as a top!

Fee, Fa, Fie, Fo, Fum

colorful
ease!

MODEL 48 - MONDO I like that one! Clothes have to give, playing kids aren't comfortable. Super comfortable, perfectly tailored to the needs of little boys is this sweater with a long row of buttons and with stripes in colors. The clever thing about this one? Cuffs and neck are double. **MODEL 49 - MONDO** What to wear in winter? Of course a hooded sweater. They are one of the best among big and small. With these great colors and the bold patterns is it at the top of the wish list.

MODEL 50 • PASHMINA It's no secret that little girls can wrap their grandpa around their little finger. But grandpas enjoy it and fulfill their grandchild a trip to the adventure-playground. This casual sweater made from a merino-cashmere-mix ensures perfect, unhindered movement.
MODEL 51 • PASHMINA What fun! Exploring the playground with grandpa. Like the grandpa the grandchild wears a classic V-necked sweater made from the same material. **MODEL 52 • PASHMINA** A seductive look and Grandfather just turns into a little puddle of goo. She looks simply adorable with the matching tunic. The short sleeves are knitted in jacquard pattern, that is repeated in the matching leg warmers.

Adventure Playground

MODEL 53 • SUPERBINGO Cool! Being allowed to climb between the tree-trunks. For such things, nothing can be too tight or made from a too delicate or sensitive material. Not too warm or too cold. Kids and Moms love uncomplicated knitted fashion and probably also this aran sweater in a nice nougat tone. **MODEL 54 • SUPERBINGO Red glows.** Just like you, you little monkey. One of your favorite sweaters in autumn is surely this sweater with it's amazing braided knitting. **MODEL 55 • SUPERBINGO Really cleverly knitted.** The crosswise running ribs and the wide braid give a robust character to the sweater. This one can take some abuse. That's something adventurers and Moms like. And to make sure that the neck also stays warm, there's a scarf matching the sweater.

KNITTING INSTRUCTIONS

Make a gauge before you start! Work a gauge swatch of approx 12 x 12 cm (approx 4,7" x 4,7") in the pattern of your chosen model. Count the stitches and rows you need to work for a piece which measures 10 x 10 cm (approx 4" x 4"). If there are less stitches than given in the instruction: either increase the tension or use thinner needles (0,5 up to 1 needle size smaller). If there are more stitches: knit more loosely or use thicker needles. **Please note that each knitting project is different.** Therefore the ball band instructions are not authoritative. They always refer to stockinette stitch. For a perfect result, a swatch worked in the pattern of your project is essential to make sure that your model of choice will not only look nice but it will fit nicely as well.

MODEL 1

JACKET · Latte

Size 32/34" (80/86 cm) and 36/38" (92/98 cm)

The instructions for size 36/38" are written in brackets. If only one instruction is given, then this counts for both sizes.

Material: Lana Grossa quality „Latte“, 85 % ecol. cotton, 15 % milk protein, approx. 150 g sand (col 6), knitting needle US size 7 (4,5 mm), 4 buttons.

Ribbing patt (number sts divided by 2 + 1 + 2 edge sts): **Row 1 (= RS):** edge st, * K 1 tbl, P 1, repeat from *, K 1 tbl, edge st. **Row 2 (= WS):** edge st, * P 1, K 1 tbl, repeat from *, P 1, edge st. Repeat row 1 and 2.

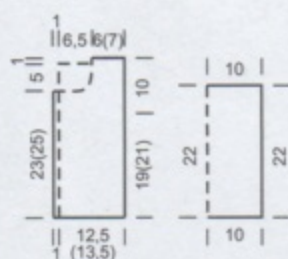

Gauge: CO 22 sts and 24 rows = 10 x

10 cm (ribbing patt with size 7 needles) **Back:** CO 57 (61) sts with size 7 needles and work in ribbing patt. At a height of 28 (30) cm rest the middle 29 sts for the neckline. At a height of 29 (31) cm BO the rem 14 (16) sts.

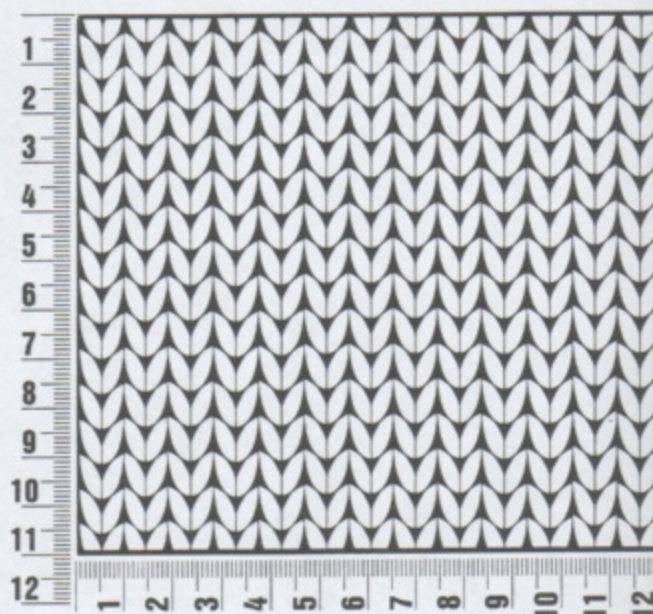

Left front: CO 33 (35) sts with size 7 needles work in ribbing patt. At a height of 7 (9) cm work the first button hole (= BO 5th last sts and CO st again in the next row). Work the foll 3 button holes with a distance of approx. 5 cm in the same way. At a height of 23 (25) cm for the neckline rest 9 sts at the right edge and in every 2nd row 3 x 2 sts and 4 x 1 st, work short rows for that. At a height of 29 (31) cm BO the rem 14 (16) sts.

Right front: Same as left front but diametrically opposed and don't work any button holes.

Sleeve: CO 45 sts with size 7 needles and work in ribbing patt. At a height of 22 cm BO all sts. Work 2nd sleeve the same way.

GAUGE SWATCH

TECHNIQUE OF THE SHORT ROW

With short rows you can shape bends or curves into a knitting (i.e. pants). How many sts are to be used is mentioned in the direct instruction for a mode. The needed number of sts remains on the left needle. Then you turn within the row. To ensure that no holes appear, work one YO on the right needle. In the first row that is once more knitted over all sts, knit all YOs with the foll sts tog.

Finishing: Block pieces acc to cut and moisten lightly. Close seams. Over the rested 67 sts of the neckline knit an additional 1,5 cm, in doing so continue

the sts-arrangement. BO 5 sts on both sides. Work another 1 cm, then BO sts. Attach buttons.
